TCN Website Accessibility Statement

Version 1.0

07/07/2026

Preparation of this accessibility statement

This statement was prepared on 07 July 2026.

The Clinical Network Limited (TCN) is committed to making its website accessible, so it aligns with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This website is fully compliant with the [Web Content Accessibility Guidelines \(WCAG\) version 2.2 AA standard](#).

We want as many people as possible to be able to use this website. That means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 400% without the text spilling off the screen
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader

- translate the text on our website into different languages
- read and understand website text which has been written in a way which is as simple as possible

The accessibility tools are accessed by pressing the following button at the bottom right of the homepage:

Non-accessible content

Whilst we are working to make all areas of our site accessible there are some areas that may not be. The content listed below is non-accessible for the following reason(s):

- If it is not essential to providing our services.
- Some PDFs shared are third-party content that is neither funded nor developed by, nor under the control of TCN, and may be inaccessible to some users. The majority of these PDFs are aimed at health and care professional users rather than the general public.
- Live video: We do not plan to add captions to live video streams because live video is exempt from meeting the accessibility requirements.

If you need information in an alternative format such as accessible PDF, large print, easy read, audio recording or braille, please contact us by email at info@theclinical.network. We'll consider your request and get back to you in ten working days.
